## Cross County Community Schools

Cross County Community School District is a Class C-2 school district with 365 students attending grades K-12. The school district was formed during the 2001-2002 school year. During this year, the Stromsburg Vikings and the Benedict Eagles brought together their students, staff, and communities to create the Cross County Cougars. They enjoyed their first year together in 2002-2003.

Cross County Community School District provides an innovative, engaging, and safe environment in which all learners achieve academic success and personal growth.

As time passed, the need for updated facilities has become a concern. The site of the new Cross County Community School is located approximately three miles south of Stromsburg and/or five miles north of Benedict. Pre-Kindergarten through 12th grade are all housed under one roof as of November 2008, when the new facility opened up.

### Systems Installed

- Sound Reinforcement Systems
  - Elementary & Middle School Gymnasiums
  - High School Gymnasium
  - Football Field
  - Softball Field
  - Auditorium
- Public Address/Overhead Paging
- Clock System
