Lancaster Rehabilitation Center

Lancaster Rehabilitation Center provides exceptional nursing care, 24 hours a day, in the heart of Lincoln.

Care, comfort, and compassion are all critical to the services they provide. Their recent remodel exemplifies their commitment to these values in their care and planning.

Lancaster Rehabilitation Center offers private and semi-private rooms in a beautifully landscaped and remodeled facility. They offer a full range of services including clinical services specializing in memory care, post-stroke rehabilitation, post-surgical recovery programs, post-cardiac rehabilitation, music and speech therapy, physical and occupational therapy, and orthopedic care for injuries and fractures. Providing residents with the conveniences of everyday living is a top priority at Lancaster Rehabilitation Center.
