

Tek-CARE Systems Features Matrix

The Tek-CARE platform provides a vast array of features, and using these features, a flexible and personalized system can be built. With the capability to fully integrate systems across one platform, TekTone offers the ability to create a unique system that works for the individual needs of each facility. From feature-rich software solutions and wireless pendants to simple yet powerful tone-visual systems, the Tek-CARE platform is designed to accommodate the dynamic landscape within healthcare facilities.
