Delivering Empowered Security Solutions

Intelligent end-to-end solutions leveraging best-in-class technologies

LENEL·S2 | ◆ milestone

Combined access control and video empower operators with visual insight, facilitating automated system actions and rapid response to alarms and events.

With **LenelS2** and **Milestone**, customers get a robust security solution in an open platform that maximizes the safety of people and property in a continuously changing world.

World Leading Solutions - Together

The global leaders in Access Control and Video Surveillance have joined forces to provide best-in-class integrated security systems.

Unbounded Open Solution

Eliminate barriers by combining the superior scalability of OnGuard with the actionable insights of XProtect into one seamless solution.

From fire suppression and environmental controls to intelligent buildings, the combination of LenelS2 and Milestone extends far beyond physical security. No competing offerings deliver this breadth of solution synergy.

## Purchase and Support Made Simple

When the combined solution is purchased from LenelS2 you have a single point of purchase, a single point of support, and reduced licensing fees for video channels.

Investment Assurance – Strategic Partnership for the Future

LenelS2 and Milestone have forged a strategic partnership to provide superior security solutions, so you can be confident in your investment, now and in the future.

The Right Tool for Every Task

With the power to view and control your security environment from both LenelS2 OnGuard and Milestone XProtect applications, you can choose the combination that best suits your unique needs.

LENEL·S2

LenelS2 is the global leader in advanced physical security solutions, including access control, video surveillance and mobile credentialing. Incorporating open architecture, LenelS2 provides scalable, unified security management solutions.

LenelS2 serves segments worldwide including corporate, education, healthcare, and government.

milestone

At Milestone, we innovate and achieve together with our partners. When you offer Milestone, you offer more than a video management system.

You get the freedom to build a tailor-made surveillance solution that meets your customer's need – now and in the future.

That is the power of our open platform community.
